We are XMA.

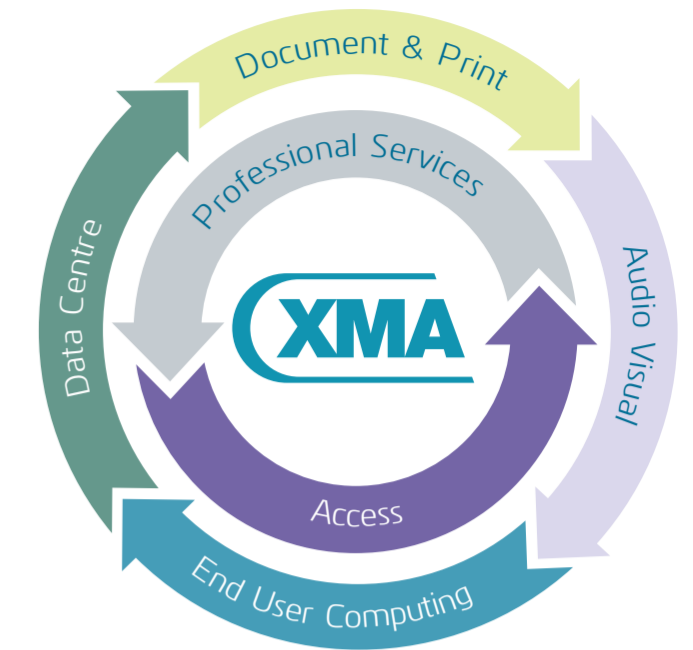

## We are XMA in Health.

We deliver innovative IT solutions that enhance how people learn, teach, govern, deliver healthcare and do business. As a team of over 250 specialists based across the UK, we bring together over 30 years of experience, world class vendor partnerships and broad service delivery capabilities on the ground and in the cloud.

Committed to the digitalisation of healthcare, we provide patient centred services and solutions. From tablet technology to managed print services, our solutions deliver better patient outcomes.

We aim to improve efficiency and productivity in the healthcare sector and encourage paper-light working. Not only that, we strive to increase the utilisation of online resources and increase interaction between patients and medical staff.

## Revolutionise your organisation through technology

### Our frameworks

We are a compliant procurement route with presence on local and national frameworks for hardware, supplies and services. These include:

- RM1692
- RM1599
- The Scottish Government National Framework for Tablet Devices
- London Procurement Partnership
- RM917 (GOSC)
- G-Cloud 4

### Our solutions

We are partner to the biggest names in information technology. From vendors such as Apple, HP and Microsoft to AirWatch, Aerohive and NetApp, we provide tailored solutions to meet your needs.

Whether you need a product on its own or an end-to-end managed solution, we will strive to provide you with the right technology and service for your organisation.

Meet the government's 'Paperless by 2018' initiative	Enable staff to spend more time with patients	Offer patients the opportunity to digitally access their health records
Allow clinicians to share important patient information instantly and securely	Reduce the journeys and carbon emissions of field based staff	Encourage clinicians to use industry approved technology, apps and software

Launching soon...

## allHealth

XMA's market-leading tablet deployment framework for schools comes to healthcare.
