

Collaborate Effortlessly with Surface Hub 3

Surface Hub 3 is more than just a meeting room screen; it's a dynamic collaboration canvas designed to bring your team together, whether they're in the same room or across the globe. With a brilliant display, intuitive inking, and intelligent features, Surface Hub 3 enables you to connect, create, and achieve more.

See everyone, everywhere

The AI-powered camera boasts a 136° field of view and intelligent framing, ensuring everyone in the room is seen clearly, no matter where they sit or stand.

Write naturally

Surface Hub 3 intuitively knows the difference between your hand and your pen, providing a smooth and effortless inking experience.

Unleash your ideas. Anywhere

With the APC™ Charge Mobile Battery, your 50" Surface Hub 3 becomes truly portable. Take collaboration wherever it needs to go.

Ink together, in real time

Enjoy a fluid, responsive writing and drawing experience. Dual-pen inking allows multiple people to contribute simultaneously, keeping everyone engaged and ideas flowing.

Meetings start instantly

Walk up to the Surface Hub 3 and launch a Whiteboard session or join a Microsoft Teams meeting with a single tap.

Designed for your workspace

Customise your Surface Hub 3 with stands, mounts, and mobile carts. Enhance your collaboration with a wide range of peripherals certified for Microsoft Teams Rooms.

Expand workspaces, include everyone. No matter where your meeting takes you, Surface Hub 3 brings the best of Microsoft Teams Rooms to any space.
