# Rugged on the outside, smart on the inside

Stay connected, productive and secure with Samsung's latest Rugged Series – making tough work feel easier than ever.

# SAMSUNG

## Rugged Range

### Rugged on the outside, smart on the inside.

When you work in tough conditions, you need devices that go beyond conventional expectations. Meet the new range of Samsung Rugged devices – smart technology designed to thrive in harsh work environments. They're your ultimate rugged work companions.

#### Protected against the unpredictable.

Work confidently anywhere. Samsung Galaxy Rugged Series devices are ready for any challenge, even at altitude.

Certified to MIL-STD 810H, they can take up to a 1.8-metre drop with the cover on,<sup>1</sup> meaning they won't break in loading bays or in the field. And with Corning® Gorilla® Glass, they're sanitiser-safe<sup>2</sup>—perfect for healthcare heroes.

IP68 water and dust resistance<sup>3</sup> means they're built to withstand wet weather and dusty conditions, from factory floors to building sites. Plus, with a powerful replaceable battery, you can focus on tasks for longer.<sup>4</sup>

#### Intuitive productivity.

Get more done, at the push of a button. Bigger, brighter screens help you see and do more, making work easier. Plus, with programmable keys, you can set up shortcuts for frequently used apps, minimising interruptions to your workflow.

Want to take payments<sup>5</sup> without being tied to a checkout? No problem, Samsung Rugged Series devices are your go-to mobile point of sale.<sup>6</sup> And with the built-in barcode scanner, checking inventory, prices and product info is as easy as pointing the camera. When you've got to keep those gloves on, Samsung Rugged devices have your back, too. Improved screen sensitivity captures commands to keep your tasks on track—even in the rain<sup>7</sup> or with wet gloves.<sup>8</sup>

## Quickly connected to the essentials.

Stay in touch on the frontline. Samsung has teamed up with Microsoft, combining leading hardware and software to unlock new ways for workers to connect practically anywhere. You can send private location data or alerts, even if the network is down,<sup>9</sup> and stay in constant walkie – talkie-style contact via the programmable key. And don't forget, all Samsung Rugged devices include 5G network<sup>10</sup> connectivity plus fast and reliable Wi-Fi—so you don't need to worry about staying in touch with your team.

## Enhanced support for busy workers.

Handle all your device needs, and keep your fleet secure, with Enterprise Edition. Get your team back up and running quickly, if their device is lost or damaged, with next-business-day replacement. Set-up, deploy and manage devices quicker and simpler than ever with our QuickStart Go service. And make sure everything is fully protected with 5 years of security and maintenance releases.<sup>11</sup>

Your devices will stay field-ready for longer with Extended Product Lifecycle.<sup>12</sup> Plus, you can easily manage your fleet and supercharge your employees' productivity with Knox Suite<sup>13</sup>— an all-in-one package of tools. And don't forget, all Samsung Rugged Series phones and tablets feature Samsung Knox defence-grade security to keep your devices and sensitive data safe.

<sup>1</sup> 5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment.

<sup>2</sup> Compared to XCover5

<sup>3</sup> Tested in Level 3 'Direct Sunlight' 50k-100k lux

<sup>4</sup> The device can be used in wet environments, but not fully submerged under water. Underwater touch is not available. Touch sensitivity increases

responsiveness for leather gloves thinner than 2mm or less in thickness, based on internal laboratory test results.

Touch-responsiveness may vary depending on the material and thickness of gloves as well as other environmental conditions.

<sup>5</sup> MIL-STD-810H test scope: Altitude, Humidity, Immersion, Salt Fog, Dust, Vibration, Drop, and more.

<sup>6</sup> Compared to Gorilla Glass 6 used in Galaxy XCover5. Twice scratch resistance of Gorilla Glass 6 and 25% more drop protection. Test results of a single Gorilla Glass Victus LCD unit conducted separately by Corning (results on XCover6 Pro may be different).

<sup>7</sup> Resistant to dust and up to 1.5 metres of fresh water for up to 30 minutes (IP68). Rinse residue/dry after wet. Not advised for beach or pool use.

<sup>8</sup> Microsoft Teams application and license required. Barcode scanning may require app remapping to programmable key to use full feature.

<sup>9</sup> POGO charging dock sold separately.

<sup>10</sup> In the case of extra replaceable batteries, only Samsung – certified products are compatible for use.

# Rugged on the outside, smart on the inside

## Ease of Use

Intuitive productivity

- Improved touch sensitivity, even for gloved hands
- Programmable key
- Enhanced display usability
- Barcode scanning via Knox Capture
- NCF for mPOS solutions for easy payment processing
- Easy charging via POGO
- Replaceable battery
- S Pen with IP68 for tablets

## Protection

Protected against the unpredictable

- MIL-STD-810H Drop test certified
- Knox chip for hardware protection
- Knox Suite for secure deployment
- Biometric authentication
- No Battery Mode (Tab Active5 and Tab Active4 Pro only)
- Water and dust resistance
- Tested for resistance to sanitisers

## Connectivity

Quickly connected to the essentials

- Walkie-talkie function through Microsoft Teams
- Mobile Point of Sale (mPOS) solution to take orders and access stock levels
- Fast network support anywhere (5G, Wi-Fi)
- PC like desktop experience with DeX
- Link to Windows
- Range of third-party accessories

# XCover7

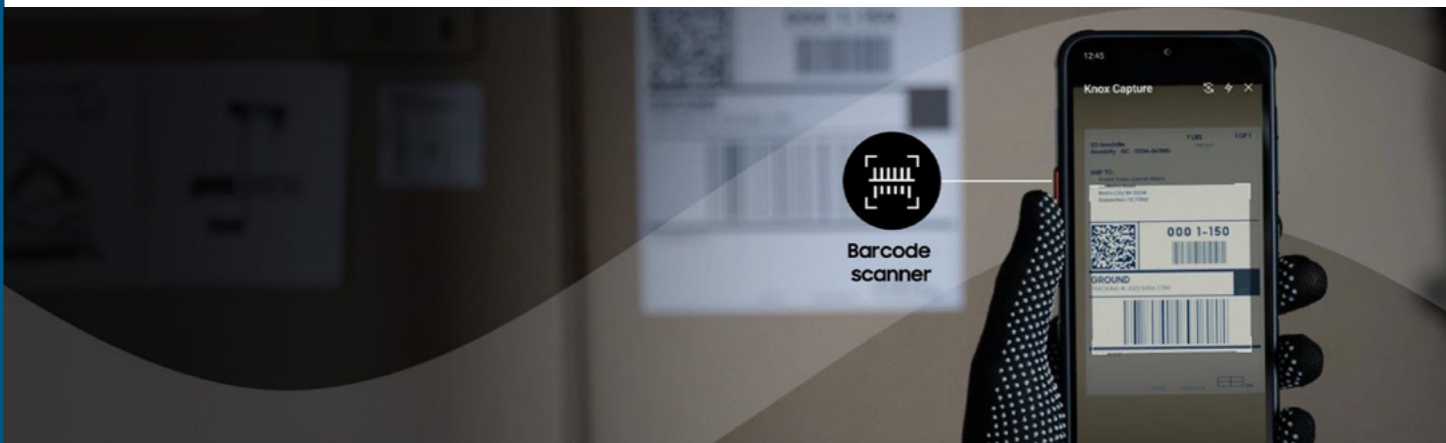

Upgrade to a workphone that's all about the view and the do

## Work fast in freedom

- Never miss a thing, wherever you are, with the Galaxy XCover7. Tap into hyper-fast connectivity with 5G<sup>1</sup>, making it easier to access the vital data or information you need to carry out tasks in the field.
- And wherever work takes you, you can stay connected with colleagues back at the office or in other locations.
- The Galaxy XCover7 also features Wi-Fi 5, helping you work together and share documents faster. Plus, its dual SIM feature creates one device with two lives—allowing you to seamlessly switch between home and work with ease.

## Not just a pretty case

- Get a better view of your work with a larger, brighter 6.6" display<sup>2</sup>. It's a true game-changer when working in rough conditions, or under harsh direct sunlight<sup>3</sup>.
- The higher resolution display gives you more space to multitask and read documents. You could use multiple windows to view a map or video while you respond to emails, for example.
- And when you are multitasking like a pro, you'll find that typing is more accurate, even with gloves on, or in wet conditions.<sup>4</sup> The XCover7 is all about simplifying tasks and working comfortably.

## Makes the rough, smooth

- The Galaxy XCover7 is like the superhero of rugged phones. It's built to MIL-STD-810H standards<sup>5</sup>, handling everything from bumps and scrapes to dusty environments. It can even survive drops onto steel from an impressive height of 1.5m.
- Gorilla Glass Victus+ gives you enhanced scratch resistance and 25% more drop protection compared with previous models. And with IP68 water and dust resistance, you don't need to worry about rain, dusty warehouses or accidental puddle incidents<sup>6</sup>.
- Plus, it can handle regular sanitising to ensure a clean work environment<sup>7</sup>. Whether you're in a bustling office or out in the field, rest assured, your XCover7 can handle whatever you throw at it.

## Fluent in fieldwork

- In demanding environments, the XCover7 works with you, not against you. The programmable key gives you quick access to essential tools—like Microsoft Teams Push-To-Talk, and Barcode Scanning—to help speed up tasks<sup>8</sup>.
- Get things moving with Knox Capture using the phone's camera as a scanner or RFID reader.
- Need your device to charge quickly? 15W fast charging and the built-in POGO pins mean you can recharge rapidly using a POGO dock<sup>9</sup>. And with a replaceable battery<sup>10</sup>, your power problems are a thing of the past—getting you through the longest day, even in remote locations.

## Capture with clarity

- Keep track of your rapidly changing workplace with crystal-clear photos taken with the Galaxy XCover7's cameras.
- With a 50MP rear camera, you can monitor your work and capture progress in incredible detail, making it easier for everyone in your team to keep an eye on things. And with a 5MP front camera, you can impress on video calls, no matter where you're working.

<sup>1</sup> 5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment.

<sup>2</sup> Compared to XCover5

<sup>3</sup> Tested in Level 3 'Direct Sunlight' 50k-100k lux

<sup>4</sup> The device can be used in wet environments, but not fully submerged under water. Underwater touch is not available. Touch sensitivity increases responsiveness for leather gloves

thinner than 2mm or less in thickness, based on internal laboratory test results. Touch-responsiveness may vary depending on the material and thickness of gloves as well as other environmental conditions.

<sup>5</sup> MIL-STD-810H test scope: Altitude, Humidity, Immersion, Salt Fog, Dust, Vibration, Drop, and more.

<sup>6</sup> Compared to Gorilla Glass 6 used in Galaxy XCover5. Twice

scratch resistance of Gorilla Glass 6 and 25% more drop protection. Test results of a single Gorilla Glass Victus LCD unit conducted separately by Corning (results on XCover6 Pro may be different).

<sup>7</sup> Resistant to dust and up to 1.5 metres of fresh water for up to 30 minutes (IP68). Rinse residue/dry after wet. Not advised for beach or pool use.

<sup>8</sup> Microsoft Teams application and license required. Barcode scanning may require app remapping to programmable key to use full feature.

<sup>9</sup> POGO charging dock sold separately.

<sup>10</sup> In the case of extra replaceable batteries, only Samsung - certified products are compatible for use.

# Tab Active5

Our toughest tablet yet for a portable PC – like experience

## More than tough enough

- Take on the toughest work settings without worrying about device damage. The Galaxy Tab Active5 is IP68<sup>1</sup> and MIL-STD-810H compliant, meaning it can withstand splashes, dust and drops<sup>2</sup>. Its display is shielded by resilient Corning Gorilla Glass<sup>5</sup>. Even the included S Pen is IP68 compliant, so you'll have no worries scribbling in wet conditions.
- Whether you're sketching in the rain or accessing data atop a telephone tower, the Tab Active5 can handle the pressure like a pro. Tough, reliable and ready to face hectic days ahead.

## Press to impress

- Get more done with just a single click–no need to take off those thick gloves. Press the Galaxy Tab Active5's handy physical Active Key and hey presto, launch any app you want in an instant–perfect for when your hands are full. Plus, administrators can even map the Active Key fleet-wide with Knox Mobile Enrollment for the ultimate in efficiency.
- The Tab Active5 features a brighter screen<sup>3</sup> with Vision Booster, making workstreams easier to navigate. Plus, with Microsoft Teams<sup>4</sup> push-to-talk voice calls, your Tab Active5 transforms into a powerful walkie-talkie. Take it anywhere, even into bustling environments.

## Work smarter, not harder

- When one screen just won't do, why not double up? With Wireless DeX mode, you can enjoy a PC-like experience on your Galaxy Tab Active5. Display content on a secondary screen while keeping tabs on other apps right on the tablet—it's the ultimate multitasking companion.
- Included as standard with the Tab Active5 is the water – and dust-resistant S Pen. Yes, even the accessories are rugged. It's not just any pen either – it gives you and your team ultimate control for editing, note taking, annotating and sketching. With super low latency, writing with it is like putting pen to paper, but in the digital world.
- The Knox Capture scanning app<sup>5</sup> also turns your device into an innovative barcode scanner, handling multiple barcodes at once. Say goodbye to the hassle of additional handheld scanners –it's all about efficiency and getting tasks done, quickly and efficiently.

## Your next task, super fast

- Stay connected with your team, no matter how challenging the terrain. The Tab Active5 has got your back with both Wi-Fi 6 and 5G mobile connectivity<sup>6</sup>– your lifeline when support is just a call away. Whether you're navigating a bustling store or deep within a warehouse, count on reliable connectivity.
- Wi-Fi 6 is a game-changer, ensuring seamless roaming between access points and ultimate performance, even with a flurry of connected devices. Add in the low latency and reliability of 5G, and you've got real-time data sharing at your fingertips, wherever you roam. Plus, dual-band GPS provides pinpoint location tracking, coupled with Knox Asset Manager to keep tabs on those missing devices. With the Tab Active5, work confidently, knowing you're covered, no matter where your work adventure takes you.

## Keeps pace with progress

- Conquer the toughest workdays without missing a beat. The Tab Active5 is a powerhouse inside and out. Fuelled by a Exynos 1380 processor and memory that is expandable to up 1TB with a MicroSD card<sup>7</sup>, this tablet is ready for any task you throw at it.
- Snap, scan and record with ease using the 13MP rear camera and 5MP front-facing camera. And keep doing what you're doing for longer, thanks to the swappable 5,050mAh battery<sup>8</sup>. Charge up in a flash with USB-C or POGO pins<sup>9</sup>–no more waiting around.
- Even if your device is plugged into a kiosk or vehicle, it can keep on running without a battery using No Battery Mode<sup>10</sup>. It's like the Tab Active5 never wants the workday to end.

<sup>1</sup> IP68 is based on test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. Water or dust damage not covered by warranty. Rinse residue/dry after wet. Not advised for beach or pool use.

<sup>2</sup> Device tested to withstand drops up to 1.8m with protective cover.

<sup>3</sup> Compared with Tab Active3.

<sup>4</sup> Microsoft Teams application and license required  
<sup>5</sup> Knox Capture requires separate app installation and license purchase for use. Availability may vary by market and model. Barcode scanning may require app remapping to programmable key to use full feature.

<sup>6</sup> 5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment.

<sup>7</sup> MicroSD card sold separately.

<sup>8</sup> Typical value tested under third-party laboratory condition.  
<sup>9</sup> Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Actual battery life may vary depending on network environment, usage patterns and other factors.

<sup>9</sup> POGO charging dock sold separately.

<sup>10</sup> Need to turn on "No Battery Mode" and use a dedicated USB Type C power source accessory (9V/2.3A, PD2.0). Cradle and power source accessory sold separately. No Battery Mode limits device's CPU/GPU performance and reduces maximum volume, and display brightness, when enabled.

# XCover6 Pro

the tough, stylish, connected  
work phone

## Connect and conquer

- Stay connected, no matter where you roam, with the Galaxy XCover6 Pro. Fast and reliable 5G<sup>1</sup> connectivity means that accessing data in the field while staying in touch with teams back at base is easy.
- The Galaxy XCover6 Pro boasts built-in Wi-Fi 6E, ensuring you can work, collaborate and share documents at lightning speed. With Samsung DeX<sup>2</sup>, your device can power a PC-like experience, allowing you to work on large monitors and with full keyboards. It's like having the power of a desktop right in your hand.

## Support when you need it

- Simplify fleet management with the Enterprise Edition on the Galaxy XCover6 Pro. It's a complete package of services and Knox Suite security<sup>3</sup>, all bundled up to safeguard and streamline your mobile devices.
- Enjoy 3 years of enhanced support and up to 5 years of security and maintenance updates<sup>4</sup>, including 3 Android generation updates. And with a 2 year extended product lifecycle, you can keep things consistent across your devices. So, wherever frontline employees are, they can remain productive and secure, while your business gets maximum value from its mobile investment.

## Extremely tough, endlessly productive

- Get ready for action with the phone that's always up for a challenge. The Galaxy XCover6 Pro is built to MIL-STD-810H<sup>5</sup> standards, meaning it can handle bumps, scrapes, dust and dirt—and even drops onto steel from as high as 1.5m.
- Gorilla Glass Victus+ raises your game with enhanced scratch resistance and a 25% boost in drop protection<sup>6</sup> compared to its predecessors. You can also stop worrying about rain, dust and other workplace messes, because with IP68 water and dust resistance<sup>7</sup>, it'll all slide right off your device. Plus, it copes with being sanitised regularly<sup>8</sup> to keep it free from germs. So you can work anywhere, confident your device is up to the task.

## Adapts to your way of working

- Boost your productivity, no matter where you find yourself. The Galaxy XCover6 Pro features two programmable action buttons that you can press to instantly open apps like Microsoft Teams Push – To-Talk<sup>9</sup> or Barcode scanning<sup>10</sup>—the ultimate productivity booster for any worker dealing with a large number of physical assets. Knox Capture turns your phone's camera into a scanner or RFID reader.
- Recharge in no time with 15W fast charging via a regular wall outlet or boosted charging via the POGO dock.<sup>11</sup> And with the replaceable battery,<sup>12</sup> you can say goodbye to battery anxiety, even when far from a power outlet.

## Productivity protected

- Keep your workflow secure wherever you go. Thanks to the built-in Samsung Knox defence-grade security, your Galaxy XCover6 Pro and all its sensitive data are shielded from the most determined malware and malicious attacks.
- With Knox Suite<sup>13</sup>, device management is made easy, enabling your IT team to remotely enrol multiple devices using either Android Enterprise or Device Administrator. They can even pre-load essential files or documents, customising devices for specific employees—it's like giving everyone a personalised toolkit for work.

<sup>1</sup> 5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment.

<sup>2</sup> Samsung Dex is only available on Tab Active4 Pro, Tab Active5 and XCover6 Pro Rugged devices.

<sup>3</sup> 1 year's subscription for free.

<sup>4</sup> 4 year's monthly updates and 1 year quarterly updates.

<sup>5</sup> Drop test results are to MIL-STD-810H test scope: Altitude, Humidity, Immersion, Salt Fog, Dust, Vibration, Drop, and more.

<sup>6</sup> Compared to Gorilla Glass 6 used in Galaxy XCover5. Twice scratch resistance of Gorilla Glass 6 and 25% more drop protection. Test results of a single Gorilla Glass Victus LCD unit conducted separately by Corning (results on XCover6 Pro may be different).

<sup>7</sup> Resistant to dust and up to 1.5 metres of fresh water for up to 30 minutes (IP68). Rinse residue/dry after wet. Not advised for beach or pool use. Rinse residue/dry after wet. Not advised for beach or pool use.

<sup>8</sup> Tested Sanitizer: Liquid Ethanol, Ethanol Cotton, Clorox (Chlorine bleach), Medilox HClO.

<sup>9</sup> Additional licenses may be required.

<sup>10</sup> Availability may vary by market and model. Barcode scanning may require app remapping to programmable key to use full feature.

<sup>11</sup> POGO charging dock sold separately.

<sup>12</sup> Additional batteries sold separately.

<sup>13</sup> 1 year's subscription for free.
